Demonstration Notice
General Strikes or Hartal in Chittagong District on Wednesday, September 25 and
Thursday, September 26, 2013

Transport workers and Chatra Shibir, have planned strikes or hartals in the Chittagong District on Wednesday, September 25 and September 26, 2013. In light of these demonstrations and transportation disruption in the Chittagong area, the U.S. Embassy is taking a prudent approach to ensure the safety of all of its employees. As such, non-essential travel of U.S. government personnel in Chittagong is being restricted until 18:00 on September 26. In addition, American Citizen Services and Consular outreach activities planned in Chittagong for September 25 and 26, 2013, have been postponed.

A hartal is a mass protest, and can involve a total shutdown of the country. It is a recognized political method for articulating any political demand. Hartals can turn violent if the population, or political groups, enforce the shut down. Violence can also occur the evening/night before a hartal. We advise all U.S. citizens to exercise caution and avoid unnecessary travel to that part of the country.

Even demonstrations intended to be peaceful can turn confrontational and escalate into violence. You should avoid areas of demonstrations, and exercise caution if in the vicinity of any large gatherings, protests, or demonstrations.

Review your personal security plans; remain aware of your surroundings, including local events; and monitor local news stations for updates. Maintain a high level of vigilance and take appropriate steps to enhance your personal security and follow instructions of local authorities.
